

**Serie DFC KRONTEC**

**Serie HFC KRONTEC**

**Schnelltrennkupplungen**  
**KRONTEC**  
**Übersicht**

**Quick Disconnect Coupler**  
**KRONTEC**  
**Overview**

| Serie<br>made by | Material  | max.<br>Druck<br>Pressure | Verschluss<br>Locking System                     | Gewinde<br>Threads                     | Dichtungsarten<br>Sealing | Anwendung<br>Applications  |
|------------------|-----------|---------------------------|--|--|---------------------------|--|
| DFC<br>KRONTEC   | Aluminium | 100 bar                   | Keilsegmentverriegelung                          | -04D / -06D                            | BF750                     | Kraftstoff und Öl/<br>Fuel and Oil   |
|                  | Titan     | 200 bar                   | wedge segment locking                            | / -08D                                 | Perlast                   |  |
| HFC<br>KRONTEC   | Aluminium | 230 bar                   | Keilsegmentverriegelung                          | -03D / -04D                            | EPDM<br>BF750             | Bremse, Kupplung,<br>Hydraulik, Kraftstoff/-ent-<br>nahme, Öle, Wasser/<br>Brake, Clutch, Hydraulic,<br>Fuel/-sampling, Oil, Water |
|                  | Edelstahl | 400 bar                   | wedge segment locking                            |  |                           |  |
|                  | Aluminium | 115 bar                   | Keilsegmentverriegelung<br>wedge segment locking | -06D / -08D /<br>-10D / -12D /<br>-16D | BF750                     | Kraftstoff/-entnahme,<br>Öle, Wasser /<br>Fuel/-sampling,<br>Oil, Water  |
