

## ELEMENT DATA

- |  |                                    |
|--|------------------------------------|
| 1. Filtration Rating :-                            | 70µm Absolute -<br>Glass Bead Test |
| 2. Temperature Range :-                            | Up to 200°C                        |
| 3. Element Pressure Drop Factor :-                 | 43 mbar/l/min at 5cSt<br>at 0.9SG  |
| 4. Differential Collapse<br>Pressure to ISO 2941:- | 103 bar Min                        |
| 5. Materials of Construction                       |                                    |
| Hardware :-  | Aluminium Alloy                    |
| Media:-  | Stainless Steel                    |
| Fabrication Method:                                | Epoxy Resin Bonded                 |
| 6. Estimated Mass :-                               | 12g MAX                            |
