

## ELEMENT DATA

- |                                    |                                    |
|------------------------------------|------------------------------------|
| 1. Filtration Rating :-            | 65µm Absolute -<br>Glass Bead Test |
| 2. Temperature Range :-            | Up to 125°C                        |
| 3. Element Pressure Drop Factor :- | 15 mbar/l/min at 5cSt<br>at 0.9SG  |
| 4. Maximum working pressure :-     | 5 bar                              |
| 5. Materials of Construction       |                                    |
| Hardware :-                        | Aluminium Alloy                    |
| Media:-                            | Stainless Steel                    |
| Fabrication Method:-               | Resin Bonded                       |
| 6. Estimated Mass :-               | 35g                                |
